EDUCATION

Ph.D., Environmental Engineering — May 2023 (passed defense November 2022)
Understanding Multiscale Air Quality Impacts of Observed and Projected Emissions Changes using Chemical Transport Models.
Advisor: Dr. Fernando Garcia Menendez
North Carolina State University, Raleigh, NC

M.ENE., Master of Environmental Engineering — December 2019
North Carolina State University, Raleigh, NC

B.S., Environmental Engineering, *summa cum laude* — May 2015
North Carolina State University, Raleigh, NC

EXPERIENCE

Postdoctoral Fellow — Harvard University
February 2023 - Cambridge, MA
PI: Dr. Daniel Jacob

ORISE Research Fellow — U.S. Environmental Protection Agency
January 2020 - January 2023 — Research Triangle Park, NC
Project title: Integrating Chemical Data Assimilation into the Community Multiscale Air Quality Modeling System.
Research mentor: Dr. Barron H. Henderson

Graduate Research Assistant — NC State University
August 2017 - January 2020 — Raleigh, NC
Advised by Dr. Fernando Garcia Menendez in the Department of Civil, Construction, and Environmental Engineering.

Designer I — John R. McAdams Company
2015 - 2017 — Durham, NC
Stormwater design engineer. EIT certification.

Undergraduate Research Assistant — NC State University
2014-2015 — Raleigh, NC
Advised by Dr. Emily Berglund

2018 East, J.D., and Garcia-Menendez, F. Impact of Climate Model Response on Projections of Future Air Quality under various Climate Scenarios. NC State University Environment, Water Resources, and Coastal Engineering Annual Research Symposium. March 2, 2018.

2015 East, J.D., and Berglund, E. Agent Based Modeling to Simulate Water Use Adaptations on the Upper Neuse River Basin. 108th Air & Waste Management Association Annual Conference & Exhibition. June 22, 2015.

TECHNICAL SKILLS

Languages: Python (advanced), NCL (intermediate), MATLAB (intermediate), Shell scripting (advanced), LaTeX, FORTRAN (intermediate)
Air quality modeling tools: Experience using satellite observation data from OMI and TROPOMI satellites. CMAQ, WRF, GSI, NetCDF, IOAPI, NCO.

TEACHING & MENTORING

Lecture and hands-on activity. CE596 Environmental Modeling. March 2, 2022. Developed and led class Python coding activity and delivered lecture.

Undergrad research advisor. Summer 2021. Trained an undergraduate researcher in conducting atmospheric modeling research.

Teaching Assistant. CE373 Fundamentals of Environmental Engineering. Spring 2018.

Guest instructor. Boy Scouts Merit Badge College event at NC State University. Spring 2018. Led class in presentation about contemporary issues in air pollution.

AWARDS AND FELLOWSHIP

Fellowship: *(declined)* NASA Postdoctoral Program, Jet Propulsion Laboratory. 2023.

Finalist: Three Minute Thesis Competition. North Carolina State University. 2022.

1st Place: Three Minute Thesis Competition. Department of Civil, Construction, and Environmental Engineering at North Carolina State University. 2022.

Fellowship: U.S. Environmental Protection Agency ORISE Fellowship. 2020-2023

Scholarship: Sustainability Research and Study Related to Air Quality and Waste Management, 2019, presented by Air & Waste Management Association

Travel Award: NC State Graduate School competitive workshop funding for travel to NCAR WRF Training, Boulder, CO, Summer 2019

1st Place: Masters student poster competition, 2018 AWMA ACE, Hartford, CT

Honorable Mention: Poster competition, 2018 Environmental, Water Resources, and Coastal Engineering Annual Symposium, NC State University, Raleigh, NC

Graduate Merit Award: 2017, NC State University

1st Place: Undergrad student poster competition, 2015 AWMA ACE, Raleigh, NC

SERVICE

Peer-review: *Environmental Pollution*

A&WMA Student Chapter: NC State University. Secretary, 2019-2020. President, 2018-2019

Race Director: Hope Through Education 5K, Raleigh, NC. December 2018, November 2019. Planned and directed the event which raised over $10,000 for student scholarships and had over 150 participants. `hopethroughed5k.com`.

Mentor: Ligon Adoption Mentorship Program (LAMP), Raleigh, NC 2016-2018

Cross Country & Track Club at NC State: Vice-President, 2013-2014.

PROFESSIONAL MEMBERSHIPS

American Geophysical Union
Air & Waste Management Association – Member, RTP Chapter
Tau Beta Pi
N.C. Engineering Intern Certification A-28871 – Environmental Engineering

TRAINING

WRF Tutorial. NCAR Campus, Boulder, CO. July 15-19, 2019.
Introduction to HPC at NC State. NC State University, Raleigh, NC. October 4, 2018.
BenMAP-CE Training. U.S. EPA Campus. Research Triangle Park, NC. September 25-27, 2018.
