

## James D. East, Ph.D.

jeast@g.harvard.edu

Updated: August 2023

<https://eastjames.github.io>

Education	<b>Ph.D.</b> , Environmental Engineering North Carolina State University, Raleigh, NC <i>Dissertation: Understanding Multiscale Air Quality Impacts of Observed and Projected Emissions Changes using Chemical Transport Models.</i> <i>Faculty Advisor:</i> Fernando Garcia Menendez, Associate Professor	2022
	<b>B.S.</b> , Environmental Engineering North Carolina State University, Raleigh, NC	2015
Experience	<b>Postdoctoral Fellow</b> 2023 - School of Engineering and Applied Sciences <i>Faculty Mentor:</i> Daniel Jacob, Professor	Harvard University Cambridge, MA
	<b>ORISE Research Fellow</b> 2020 - 2023 Office of Research and Development <i>Mentor:</i> Barron H. Henderson	U.S. Environmental Protection Agency Research Triangle Park, NC
	<b>Graduate Research Assistant</b> 2017 - 2020 Department of Civil, Construction, and Environmental Engineering <i>Faculty Advisor:</i> Fernando Garcia Menendez, Associate Professor	NC State University Raleigh, NC
	<b>Designer I</b> 2015 - 2017 Design engineer	John R. McAdams Company Durham, NC
	<b>Undergraduate Research Assistant</b> 2014-2015 Department of Civil, Construction, and Environmental Engineering <i>Faculty Advisor:</i> Emily Berglund, Professor	NC State University Raleigh, NC
Manuscripts in Review	<b>James D. East</b> , Monier E, Saari RK, and Garcia-Menendez F. Projecting changes in the frequency and magnitude of ozone pollution events under uncertain climate sensitivity. Under review in <i>Earth's Future</i>  Mathew S. Sparks, Farahbakhsh I, Anand M, Bauch C, Conlon KC, <b>East JD</b> , Li T, Lickley M, Garcia-Menendez F, Monier E, and Saari RK. Interactions of short-term adaptation, long-term climate change mitigation, and climate variability in protecting human health from air pollution. Under review in <i>Proceedings of the National Academy of Sciences</i>

**2015 East, J.D.**, and Berglund, E. Agent Based Modeling to Simulate Water Use Adaptations on the Upper Neuse River Basin. 108th Air & Waste Management Association Annual Conference & Exhibition. June 22, 2015.

## TECHNICAL SKILLS

**Languages:** Python (advanced), NCL (intermediate), MATLAB (intermediate), Shell scripting (advanced),  $\text{\LaTeX}$ , FORTRAN (intermediate)

**Air quality modeling tools:** Experience using satellite observation data from OMI and TROPOMI satellites. CMAQ, WRF, GSI, NetCDF, IOAPI, NCO.

## TEACHING & MENTORING

**Lecture and hands-on activity.** CE596 Environmental Modeling. March 2, 2022. Developed and led class Python coding activity and delivered lecture.

**Undergrad research advisor.** Summer 2021. Trained an undergraduate researcher in conducting atmospheric modeling research.

**Teaching Assistant.** CE373 Fundamentals of Environmental Engineering. Spring 2018.

**Guest instructor.** Boy Scouts Merit Badge College event at NC State University. Spring 2018. Led class in presentation about contemporary issues in air pollution.

## AWARDS AND FELLOWSHIP

**Fellowship:** (*declined*) NASA Postdoctoral Program, Jet Propulsion Laboratory. 2023.

**Finalist:** Three Minute Thesis Competition. North Carolina State University. 2022.

**1st Place:** Three Minute Thesis Competition. Department of Civil, Construction, and Environmental Engineering at North Carolina State University. 2022.

**Fellowship:** U.S. Environmental Protection Agency ORISE Fellowship. 2020-2023

**Scholarship:** Sustainability Research and Study Related to Air Quality and Waste Management, 2019, presented by Air & Waste Management Association

**Travel Award:** NC State Graduate School competitive workshop funding for travel to NCAR WRF Training, Boulder, CO, Summer 2019

**1st Place:** Masters student poster competition, 2018 AWMA ACE, Hartford, CT

**Honorable Mention:** Poster competition, 2018 Environmental, Water Resources, and Coastal Engineering Annual Symposium, NC State University, Raleigh, NC

**Graduate Merit Award:** 2017, NC State University

**1st Place:** Undergrad student poster competition, 2015 AWMA ACE, Raleigh, NC

## SERVICE

**Peer-review:** *Environmental Pollution*

**A&WMA Student Chapter:** NC State University. Secretary, 2019-2020. President, 2018-2019

**Race Director:** Hope Through Education 5K, Raleigh, NC. December 2018, November 2019. Planned and directed the event which raised over \$10,000 for student scholarships and had over 150 participants. [hopethroughed5k.com](http://hopethroughed5k.com).

**Mentor:** Ligon Adoption Mentorship Program (LAMP), Raleigh, NC 2016-2018

**Cross Country & Track Club at NC State:** Vice-President, 2013-2014.

## PROFESSIONAL MEMBERSHIPS

American Geophysical Union

Air & Waste Management Association – Member, RTP Chapter

Tau Beta Pi

N.C. Engineering Intern Certification A-28871 – Environmental Engineering

## TRAINING

WRF Tutorial. NCAR Campus, Boulder, CO. July 15-19, 2019.

Introduction to HPC at NC State. NC State University, Raleigh, NC. October 4, 2018.

BenMAP-CE Training. U.S. EPA Campus. Research Triangle Park, NC. September 25-27, 2018.
