

## James D. East

Pierce Hall  
29 Oxford Street  
Cambridge, MA 02138

Updated: June 8, 2023

jeast@g.harvard.edu  
<https://eastjames.github.io>

### EDUCATION

**Ph.D.**, Environmental Engineering May 2023 (passed defense November 2022)  
*Understanding Multiscale Air Quality Impacts of Observed and Projected Emissions Changes using Chemical Transport Models.*  
Advisor: Dr. Fernando Garcia Menendez  
North Carolina State University, Raleigh, NC

**M.ENE.**, Master of Environmental Engineering December 2019  
North Carolina State University, Raleigh, NC

**B.S.**, Environmental Engineering, *summa cum laude* May 2015  
North Carolina State University, Raleigh, NC

### EXPERIENCE

**Postdoctoral Fellow** Harvard University  
February 2023 -  
PI: Dr. Daniel Jacob  
Cambridge, MA

**ORISE Research Fellow** U.S. Environmental Protection Agency  
January 2020 - January 2023  
Research Triangle Park, NC  
*Project title:* Integrating Chemical Data Assimilation into the Community Multiscale Air Quality Modeling System.  
*Research mentor:* Dr. Barron H. Henderson

**Graduate Research Assistant** NC State University  
August 2017 - January 2020  
Raleigh, NC  
Advised by Dr. Fernando Garcia Menendez in the Department of Civil, Construction, and Environmental Engineering.

**Designer I** John R. McAdams Company  
2015 - 2017  
Durham, NC  
Stormwater design engineer. EIT certification.

**Undergraduate Research Assistant** NC State University  
2014-2015  
Raleigh, NC  
Advised by Dr. Emily Berglund

### REFEREED PUBLICATIONS

**James D. East**, Erwan Monier, and Fernando Garcia-Menendez. Characterizing and quantifying uncertainty in projections of climate change impacts on air quality. *Environmental Research Letters*, 17(9), 2022. URL: <https://doi.org/10.1088/1748-9326/ac8d17>

**2018 East, J.D.**, and Garcia-Menendez, F. Impact of Climate Model Response on Projections of Future Air Quality under various Climate Scenarios. NC State University Environment, Water Resources, and Coastal Engineering Annual Research Symposium. March 2, 2018.

**2015 East, J.D.**, and Berglund, E. Agent Based Modeling to Simulate Water Use Adaptations on the Upper Neuse River Basin. 108th Air & Waste Management Association Annual Conference & Exhibition. June 22, 2015.

## TECHNICAL SKILLS

**Languages:** Python (advanced), NCL (intermediate), MATLAB (intermediate), Shell scripting (advanced),  $\text{\LaTeX}$ , FORTRAN (intermediate)

**Air quality modeling tools:** Experience using satellite observation data from OMI and TROPOMI satellites. CMAQ, WRF, GSI, NetCDF, IOAPI, NCO.

## TEACHING & MENTORING

**Lecture and hands-on activity.** CE596 Environmental Modeling. March 2, 2022. Developed and led class Python coding activity and delivered lecture.

**Undergrad research advisor.** Summer 2021. Trained an undergraduate researcher in conducting atmospheric modeling research.

**Teaching Assistant.** CE373 Fundamentals of Environmental Engineering. Spring 2018.

**Guest instructor.** Boy Scouts Merit Badge College event at NC State University. Spring 2018. Led class in presentation about contemporary issues in air pollution.

## AWARDS AND FELLOWSHIP

**Fellowship:** (*declined*) NASA Postdoctoral Program, Jet Propulsion Laboratory. 2023.

**Finalist:** Three Minute Thesis Competition. North Carolina State University. 2022.

**1st Place:** Three Minute Thesis Competition. Department of Civil, Construction, and Environmental Engineering at North Carolina State University. 2022.

**Fellowship:** U.S. Environmental Protection Agency ORISE Fellowship. 2020-2023

**Scholarship:** Sustainability Research and Study Related to Air Quality and Waste Management, 2019, presented by Air & Waste Management Association

**Travel Award:** NC State Graduate School competitive workshop funding for travel to NCAR WRF Training, Boulder, CO, Summer 2019

**1st Place:** Masters student poster competition, 2018 AWMA ACE, Hartford, CT

**Honorable Mention:** Poster competition, 2018 Environmental, Water Resources, and Coastal Engineering Annual Symposium, NC State University, Raleigh, NC

**Graduate Merit Award:** 2017, NC State University

**1st Place:** Undergrad student poster competition, 2015 AWMA ACE, Raleigh, NC

## SERVICE

**Peer-review:** *Environmental Pollution*

**A&WMA Student Chapter:** NC State University. Secretary, 2019-2020. President, 2018-2019

**Race Director:** Hope Through Education 5K, Raleigh, NC. December 2018, November 2019. Planned and directed the event which raised over \$10,000 for student scholarships and had over 150 participants. [hopethroughed5k.com](http://hopethroughed5k.com).

**Mentor:** Ligon Adoption Mentorship Program (LAMP), Raleigh, NC 2016-2018

**Cross Country & Track Club at NC State:** Vice-President, 2013-2014.

**PROFESSIONAL  
MEMBERSHIPS**

American Geophysical Union

Air & Waste Management Association – Member, RTP Chapter

Tau Beta Pi

N.C. Engineering Intern Certification A-28871 – Environmental Engineering

**TRAINING**

WRF Tutorial. NCAR Campus, Boulder, CO. July 15-19, 2019.

Introduction to HPC at NC State. NC State University, Raleigh, NC. October 4, 2018.

BenMAP-CE Training. U.S. EPA Campus. Research Triangle Park, NC. September 25-27, 2018.
